

# BECOMING A TRUTH CORPS HOST ECCLESIA

Truth Corps is designed to be a flexible preaching program that can help your ecclesia provide effective outreach. In addition, hosting Truth Corps provides a unique opportunity for the brothers and sisters in your meeting to labor shoulder-to-shoulder in the work of the Truth. The following are some of the ways in which Truth Corps can assist a host ecclesia:

- Conduct accelerated canvassing of new and previously contacted communities
- Provide effective follow-up of existing contacts as well as those who may have dropped from classes or seminars in past month
- Set a useful example to your young people, and at times incorporate them within the team
- Promote special programs, such as Bible seminars or Vacation Bible Schools
- Participate in leading classes for a Vacation Bible School

Typically, the team will visit a host ecclesia for 1-2 weeks. The expenses for host ecclesia are generally limited to meals for the team, automobile use and costs associated with advertising or the actual program(s) for the work of the team. Subsidies may be available if the cost is prohibitive to an ecclesia. Truth Corps has worked equally well for large and small ecclesias. If you are interested in becoming a host ecclesia, contact the team organizers directly at [CBMATruthCorps@gmail.com](mailto:CBMATruthCorps@gmail.com)
